A Taste of English Success in the Workplace: Online Certificate Program

English Success in the Workplace, an online certificate program, consists of three interactive online courses:

- English Success in the Workplace, Level 3 (low-intermediate)
- English Success in the Workplace, Level 4 (intermediate)
- English Success in the Workplace, Level 5 (high-intermediate/low-advanced)

Students will have lessons each week in listening, speaking, reading, grammar, vocabulary and job-related skills. Each lesson includes a video mini-lesson(s) followed by practice(s). The majority of our practice activities are equipped with detailed automated feedback so that students can learn from their mistakes immediately. Many lessons also feature video/audio discussion boards where students can interact with each other and their teacher about lesson topics. As part of speaking lessons, students have the option of meeting with a classmate conversation partner to practice in our video chat room.

Every week of the course wraps up with a Unit Assessment which measures student achievement in listening, reading, grammar, vocabulary and job-related skills. Students will receive feedback on their test performance within 48 hours of the test deadline.
